proof of the excellence of the Hilo

SWERED.**What is the use of making a better  
article than your competitor if you  
cannot get a better price for it?Answer.—As there is no difference  
in the price the public will buy only  
the better, so that while our profits  
may be smaller on a single sale they  
will be much greater in the aggre-  
gate.How can you get the public to know  
your make is the best?If both articles are brought promi-  
nently before the public both are cer-  
tain to be tried and the public will  
very quickly pass judgment on them  
and use the better one.This explains the large sale on  
Chamberlain's Cough Remedy. The  
people have been using it for years,  
and have found that it can always be  
depended upon. They may occasion-  
ally take up some fashionable novelty  
put forth with exaggerated claims,  
but are certain to return to the  
one remedy that they know to be re-  
liable, and for coughs, colds and croup  
there is nothing equal to Cham-  
berlain's Cough Remedy. For sale by all
